## Report

Department of English organized an Add-on Course on "Converse with Confidence" for I B.Sc I Semester Computer Science and Life Science students. 222 students enrolled themselves for the course and they were divided into 3 batches, each batch consists of 74 students. It is conducted for 30 hours, i.e, from 23-01-2023 to 28-02-2023 and the classes were conducted after the class hours i.e, from 4.40pm to 5.40pm. The resource persons for the course were Mrs. P. Hima Bindu, Mrs. D. Mary Suguna and Miss. A. Sushma Sri. We have provided the study material to the enrolled students. We have started this course with an aim to make the students familiar with rich vocabulary and to make easily communicate with others in English with the learned vocabulary.

In the middle of the course we have conducted two Internal exams each for 25 marks and at the end one Grand Test for 50 marks. Many students scored good marks and proved that they have learned well. Certificates were given to those who scored 40% marks in the exams we conducted.

Now they are able to overcome their fear of public speaking and delivering their speeches powerfully and effectively.

## Report

Department of chemistry organized Add – on course “POLYMER CHEMISTRY” from 04-01-2023 to 15-02-2023 for III B.SC. Chemistry students. A total of 120 students were registered for this course. This course is conducted after the regular class work is completed. The duration of the class is for one hour (4.40pm to 5.40pm) and it is a 30 days course with two sections.

Course material was provided to every registered participant . During the course 1 grand test was conducted and evaluated. The maximum marks for grand test is 30M. Participation certificates were issued to the participants.

On 04-01 2023 , Department organized an inaugural function and Smt k. Sujatha ,Lecturer in chemistry , invited the chief guest and guest of honour the resource person on to the dias.

Sir Chalasani viswanadha rao garu, Correspondent ,Sir .C.R.Reddy college for women in his speech encouraged students to learn new advance courses which are popular day by day. He instructed students to learn any course with commitment. He expressed that theoretical knowledge as well as practical knowledge are important and encouraged students gain knowledge by referring various books, searching web etc.

Smt P.Sailaja , Principal, Sir C.R.Reddy college for women rightly educated the students about the preparation of polymer chemistry. She encouraged the students to utilize all the resources available in the college to gain knowledge.

Smt .B. Tulasi koteswari Bai, HOD , Department of chemistry educated students learn about types of polymers, properties of polymers their uses ,importance and types of polymerization.

Smt K . Sujatha , give an elaborated lecture on polymer chemistry . In her speech, she explained that now in a days the preparation of polymer chemistry was useful for each and every one. And also discussed about different methods for the preparation of polymer chemistry. During the 30 days program, the instructor Ms. K . Sujatha clearly explains polymer chemistry. Students cleared their doubts and practiced the given examples.

On 15-02-2023 , Department organized an valedictory function and Smt. K . sujatha , Lecturer in chemistry , invited the chief guest and guest of honors and the resource person on to the dias. Smt P. Sailaja , Principal , Sir C. R. Reddy college for women appreciated the department on successful completion of this course and encouraged staff to do many more programs. After that certificates were issued and end the function.

## Report

Department of Botany has organized a Add on Course for II B.Sc CBZ & BZBT students on the topic "**Custard Apple:Fruit processing under Post-Harvest Technology**" for 40 hrs after regular classes are over on all working days from 13/03/2023 to 25/04/2023 every day from 4:30pm to 5:30 pm. Mrs.T.Vijaya Durga, Lecturer in botany is the resource person for this Add On Course.

The objective of learning this course is to enable the students to study custard apple fruit processing Post-harvest technology is useful to all botany students.

45 Students have enrolled in the course, course material was provided to every registered student during the course to internal exams were MCQs pattern conducted for 20 marks each and a grand test in MCQs pattern for 30 marks.

The outcomes of the course were to Understand the importance of fruiting plants and its medicinal uses to basic life .Explain the uses of fruiting plants and techniques for harvesting and processing of fruits Demonstrate expertise related to various practices in post harvest technology Acquire knowledge and skills to get an employment or to become entrepreneur Students will acquire knowledge on post harvest management tools and novel packaging techniques an Entrepreneur in fruit plants growing sector.

## A BRIEF REPORT

Department of physics organized an add on course on renewable energy to the II B. Sc students (M.P.C & M.P.Cs) from 10-11-2022 to 28-12-2022.

On 10-11-2022 Department of physics organized an inaugural function for the add on course on Renewable energy. Sri Chalasani Viswanadha Rao garu, Correspondent, Sir C. R. Reddy college for women, in his speech he encouraged studies to learn new advance courses which are popular day by day. He expressed theoretical knowledge as well as practical knowledge are important and encourage the students to again knowledge by referring books, searching websites etc.,

Smt. P. Sailaja, Principal, Sir C. R. Reddy college for women rightly educated the students about the importance of learning basics of renewable energy resources and job opportunities in present world. She encouraged the students to utilize all the resources available in the college to gain knowledge.

Smt. B. Durga Prasanna & K. Jhansi Rani are the resource persons of this programme gave an elaborated lecture on Renewable energy resources. In their speech they explained the basics and applications of different types of renewable energy resources and applications in daily life.

- Department of physics organized a Add on course on “**Renewable Energy**” to the students of II B.Sc.,
- The objective of learning this course is enable the students to get the minimum knowledge on renewable energy applications.

- The program is conducted before the regular class work.
- The duration of the class is one hour.
- The class conducted for 30 days.
- 90 students participated in the program.
- In middle of the program we have conducted three tests and evaluated. The duration of the time for each test is 10mnts.
- Course material was provided to every registered participant.

### Report on Value added course on Matlab

Value added course on Matlab was conducted by the department of Mathematics in association with IQAC from 24-11-2022 to 29-12-2022 to III B.Sc students. The resource persons for this course are S.S.L.Sabari kumari, M.B.Rajyalakshmi, D.Tejaswi ,B.Tejaswini . 170 participants of III B.Sc students have attended the value added course. The course is conducted for 30 days. The duration of the class is for one hour after regular class work is completed.

Sri Chalasani Viswanadha Rao, Correspondent Sir C.R.Reddy College for Women, has given an encouraging speech for the students and advised the students to improve their mathematical skills through this course.

Smt P. Sailaja Principal delivered a speech about the topic and said this course helps students to know about how to use techniques to generate ideas and solve problems.

The head of the department of Mathematics smt. S.S.L Sabari kumari delivered a brief speech on the topic Matlab. The main objective of learning this course is to impart the knowledge to the students with Matlab software and after completion of this course, students will be able to use Matlab for interactive computations.

M.B. Rajyalakshmi, lecturer in the Mathematics department gave a brief speech about the topic. The topics included in Matlab are Arrays, Matrices, Linear indexing etc. This course helps the students to understand the main features of the Matlab program development environment to enable their usage in higher learning. Participation certificates were also issued to the participants.

## REPORT

Department of Computer Science organized a 30 days Value Added Certificate Course on “MySQL” for II B.Sc III Semester Computer Science students from 23-Jan-2023 to 28-Feb-2023. A total of 218 students participated and benefited from the above program. The objective of learning this course is to enable the students to study RDBMS software MySQL and to enrich the practical knowledge in MySQL.

Ms. G.Sarala , Department of Computer Science gave an introductory talk and invited Sri Chalasani Viswanadharao Garu, Correspondent, Sir C R Reddy College for Women, Smt.P. Sailaja Garu, Principal, Mr. K.V.V.SrinivasGaru, Head of the Dept and Resource person Ms. G.S.R. Kalyani, Department of Computer Science, IQAC coordinator Ms. K. Jhansi Lakshmi Garu on to the Dias.

Ms. G.S.R. Kalyani delivered her speech about importance of learning this certificate course. She said that MYSQL is a relational database management system based on SQL –Structured Query Language. The application is used for a wide range of purposes, including data warehousing, e-commerce, and logging applications. The most common use for MYSQL however, is for the purpose of a web database.

During this 30-day period, Ms. G.S.R. Kalyani and Ms. N. Bharathi have taught students MYSQL language topics, such as Introduction to RDBMS, Features of MYSQL, Installation of MYSQL, Creating a User and Connecting to MYSQL, Creating and Managing Databases, Data Types, DDL, DML commands, Constraints, Operators, Aggregate Functions, Views, Set Operators, Joins, Subqueries, Sequences, Indexes, Transactions, Functions, Stored Procedures, Stored Functions, Triggers, and Cursors.

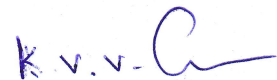

They have furthered students' understanding of the MYSQL course through practical applications, aided by faculty members Ms. M. Aruna and Ms. G. Sarala from the Computer Science department. By the course's conclusion, students have acquired both theoretical knowledge and practical skills in MYSQL.

After completing the course Dept of Computer Science has been Conducted Grand Test on value added course MYSQL on 27-FEB-2023.

The valedictory ceremony for this value-added course MYSQL is conducted on 1<sup>st</sup> Mar 2023. Later certificates were distributed to the all students who have qualified in the Grand Test of this course.

The event was successfully coordinated by Mr. K. V V Srinivas, Head of the Dept and Ms. G.Sarala, Faculty in Computer Science.

## Report

Life skill course on Health and Hygiene was conducted by department of Zoology from 17-04-2023 to 04-05-2023 to II B.Com ( Voc& Gen ) for two hours (8.30 a.m.to 9.30 a.m. to 4.30 p. m to 5.30 p.m). Dr.Ch. Swapna & B.Vijayalakshmi handled different sessions.70 participants of II B.com(Voc& Gen) students have attended the life skill course .

The objective of learning this program is to enable the students to study about health and enrich the practical knowledge in hygiene practices. This program is conducted before commencement of classes. .Course material was provided to every registered.

participant During the course 3 tests was conducted and evaluated. Participation Certificates were issued to the participants. The COVID-19 pandemic is also a wake-up call to re-focus on what is essential for preventive health. The pandemic has underlined the importance of the fundamental practices learned since childhood, such as hand washing with soap, in promoting basic hygiene to combat infections all around the world. We continue to advance knowledge and facilitate solutions in order to support more inclusive societies and break barriers to health and well-being.

## REPORT

Department of Electronics organized a Value added Course on "VLSI Design Using FPGA" for IIB.Sc IV Semester Electronics students. 30 students are participated. This course is conducted from 24-03-2023 to 06-05-2023 (30hours) and duration of the class is for one hour (4.40pm to 5.40pm).

On 24-03-2023, Department organized an Inaugural function and Smt Jyothsna, Lecturer in Electronics, invited the Chief Guest and Guest of Honors and the resource person on to the Dais.

Sir Chalasani ViswanadhaRao, Correspondent, Sir .C.R. Reddy College for Women in his speech encouraged students to learn new advance courses which are popular day by day. He instructed students to learn any course with commitment. He expressed that Theoretical knowledge as well as Practical knowledge are important and encourage students gain knowledge by referring various books, searching web etc.

Smt P.Sailaja, Principal, Sir C. R. Reddy College for Women rightly educated the students about the importance of learning latest technologies and job opportunities in present world. She encouraged the students to utilize all the resources available in the college to gain knowledge.

Smt.Y.Sridevi madam, HOD, Department of Electronics educated students about VLSI designs and taught us from basics of VLSI design through many aspects. She encouraged the students to do a simple project by helping students to integrate transistors on a small chip and to generate system solutions by CAD tools and necessary data turned over to the manufacturing group of production.

Ms.K. Jyothsna Resource person of this course. She gave an elaborated lecture on VLSI. In her speech, VLSI is mainly used to design electronic components like microprocessors and memory chips, which require millions of transistors. And also discussed about different benefits and risks involved in VLSI designing. During the 30 days program, the Instructor Ms. Jyothsna mam clearly explains the basics and useful concepts of VLSI designing. Students got cleared their doubts and practiced the given examples.

On 6-05-2023, Department organized an Valedictory function and Y.Sridevi, invited the Chief Guest and Guest of Honors and the resource person on to the Dais. Smt P.Sailaja, Principal, Sir C. R. Reddy College for Women appreciated the department on successful completion of this course and encouraged staff to do many more programs. After that certificates were issued and end the function

## Report

Department of Biotechnology has organized a Skill Enhancement Course for 1st BSc BZBT students on the topic "Instrumentation and Applications" for 60 hrs after regular classes are over on all working days from 02/11/2022 to 28/11/2022 every day from 4:30pm to 6:00pm. Mrs NN Suneetha, lecturer in Biotechnology is the resource person.

Objectives of this course are:- access to techniques invaluable in determining purity, stability, size, conformation and binding characteristics of biomolecules and also to ensure that instruments operate within defined parameters to produce materials of consistent quality and within required specifications.

30 Students have enrolled in the course, course material was provided to every registered student during the course to internal exams in MCQ pattern were conducted for 10 marks each and a grand test in fill in the blank pattern for 25 marks.

The outcomes of the course were to be able to use selected analytical techniques, to gain familiarity and to understand the strengths, limitations and creative use of techniques for problem solving.
