

REPORT ON VINAYAKA CHAVITHI CELEBRATIONS

The Department of Mathematics (Ganith Club) at Sir C R Reddy College for Women, Eluru—together with IQAC, Cultural Cell and Entrepreneurship Development Cell —organized a Pre-Ganesh Chaturthi celebration on 26th August 2025 promoting eco-friendly festivities. We extend our heartfelt thanks to our in-charge Correspondent, Sri Vankineni Bhanu Prakash and our Principal, Smt G. Sarala, for their invaluable support.

Principal Smt G. Sarala inaugurated the event with Ganesh Vandana and lamp lighting, emphasizing how festivals preserve culture and instill values. Students delighted the gathering with classical and devotional songs.

The Entrepreneurship Development Cell encouraged students to design and craft eco-friendly Ganesh idols using natural materials like clay, fabric, and soil. These innovative idols were showcased in an exhibition, not only to promote sustainable practices but also to foster entrepreneurial skills among the students. To make the idols accessible to audience, they were sold at a minimal price, allowing students to gain hands-on experience in marketing and sales while promoting environmental awareness.

The Cultural Cell conducted a vibrant Dance Competition, where students presented thematic performances on devotion and tradition. To acknowledge their artistic excellence, certificates were awarded to all participants.

The celebration concluded joyfully with sacred food distribution and collective chanting of “Ganapathi Bappa Morya.”
