

Guest Lecture on “Future Perspectives of Chemistry” on 08-09-2026 Organized by Department of Chemistry (UG &PG),Alumni Cell & IQAC

The Department of Chemistry (UG & PG) in association with the Alumni Cell and IQAC organised a guest lecture on “Future Perspectives of Chemistry” on 08-09-2026. The programme was organised to create awareness among students about the emerging opportunities, career prospects, and future developments in the field of Chemistry.

The resource person for the programme was Mrs. M. Nagamalleswari, Lecturer in Chemistry, Jahnvi Junior College, Manikonda, HYD., delivered an informative and insightful lecture on the changing landscape of Chemistry and its relevance in higher education, research, industry, and various emerging fields. She highlighted the importance of developing conceptual knowledge, practical skills, research aptitude, and interdisciplinary competencies to meet the demands of future careers in Chemistry.

The lecture was attended by students of III B.Sc. Chemistry minor and II M.Sc. Organic Chemistry. The students actively participated in the programme and gained valuable insights into the diverse career opportunities and future avenues available to Chemistry graduates and postgraduates.

The programme provided an excellent platform for students to interact with an experienced resource person and broaden their understanding of the scope and significance of Chemistry in the modern world.
