

## On Campus recruitment Drive

### Organized by Career Guidance and Placement Cell

Career Guidance and Placement Cell in association with IQAC in collaboration with Aqua Exchange & Agritech Private Limited organised a successful Campus Recruitment Drive on 6<sup>th</sup> April 2024. The event aimed to provide students with an opportunity to secure their position as a Farm Coordinator.

The recruitment drive commenced with an inspiring introductory talk delivered by our Vice Principal Smt.S.Anuradha. She emphasized the importance of such opportunities for students to kick start their careers and encouraged active participation from all attendees.

Representatives from Aqua Exchange provided a comprehensive overview of the Farm Coordinator role within their organization. They highlighted the responsibilities, skills required, and growth opportunities associated with the position, motivating the students to strive for excellence.

Following the role explanation, a written test was conducted to assess the candidates' knowledge, aptitude, and problem-solving abilities. The test was meticulously designed to evaluate each candidate's suitability for the coordinator position.

Candidates who qualified in the written test proceeded to the interview round. The interviews were conducted by a panel of recruiters who assessed the candidates' communication skills, leadership potential, and alignment with Aqua Exchange's values and objectives.

After a thorough evaluation process, the results were announced, and eight candidates were selected to join Aqua Exchange as Farm coordinators. The selected candidates demonstrated exceptional potential and enthusiasm for the role.

The campus recruitment drive concluded on a high note with the successful recruitment of eight talented individuals into Aqua Exchange. We extend our

heartfelt congratulations to the selected candidates and express gratitude to Aqua Exchange for their participation and support. Such initiatives not only benefit the students but also foster a strong bond between academia and industry, paving the way for future collaborations and opportunities.
