

Invited Talk on “Current Career Trends in the IT Sector”

Report

The Department of Computer Science, Old Students Association, Career Guidance & Placement Cell in association with IQAC organized an Invited Talk on “**Current Career Trends in the IT Sector**” on 16th October, 2025 for III B.Sc Computer Science and Data Science students. The event was part of the department’s continuous efforts to keep students informed about emerging opportunities and advancements in the technology industry. The session aimed to provide valuable insights into the latest developments, in-demand skills, and future prospects in the ever-evolving field of Information Technology.

The program began with Smt M Divya Sri, Lecturer in Computer Science, welcoming the gathering and inviting the dignitaries onto the dais. The guests included Smt G Sarala, Principal, Sir C R Reddy College for Women, Eluru, Sri KVV Srinivas, Head of the Department of Computer Science, and Smt P Hima Bindu, IQAC Coordinator.

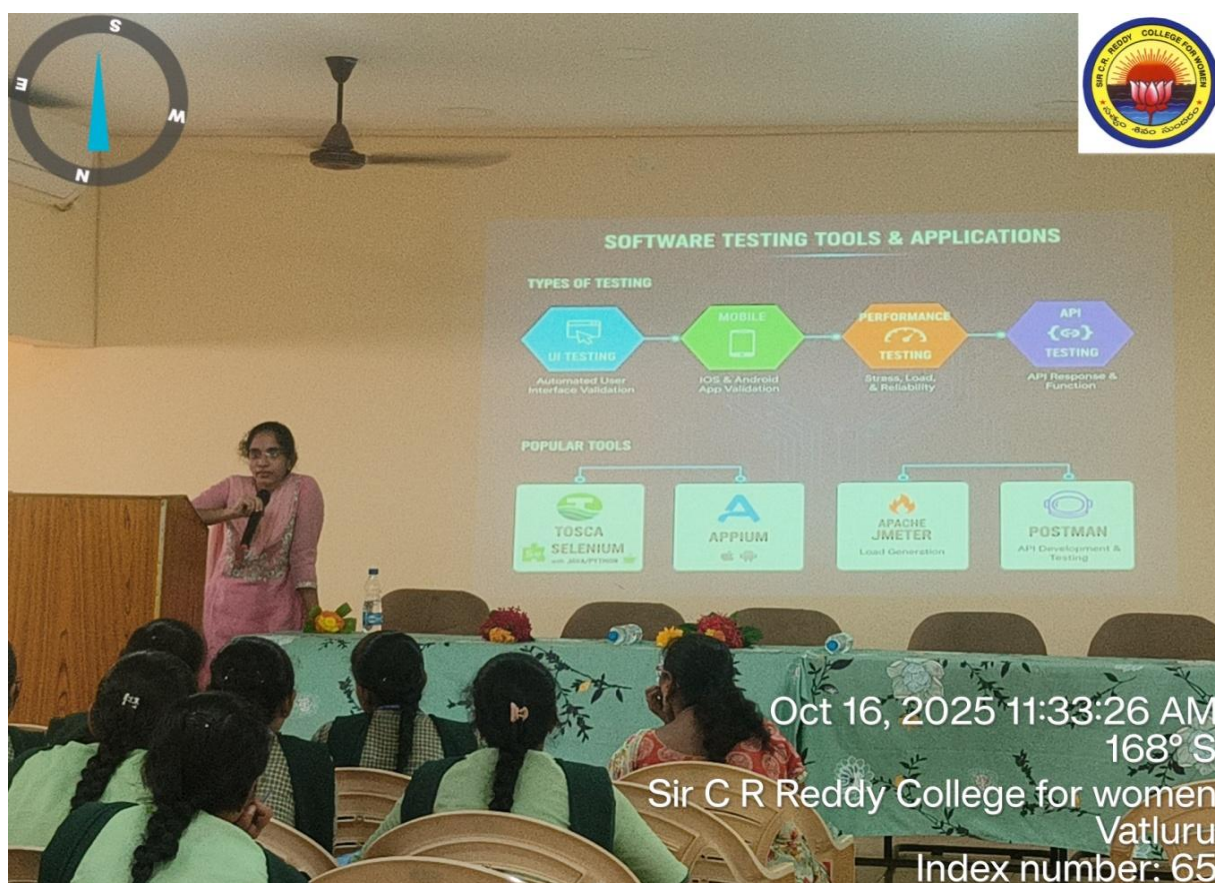

The Resource Person, Ms Chaturya Alajangi, Lead Automation Test Engineer, Accenture, Hyderabad delivered the talk. She shared her professional experiences and emphasized the growing significance of Artificial Intelligence, Machine Learning, Data Science, Cloud Computing, and Cyber security in shaping the modern IT landscape. She explained how the integration of these technologies is creating new roles and transforming traditional job profiles.

Ms Chaturya Alajangi highlighted that today’s IT industry seeks professionals who can adapt quickly to new technologies, think analytically, and solve complex real-world problems. She discussed the importance of continuous learning, upskilling, and developing both technical and soft skills to remain competitive in a global market. She also provided practical guidance on career paths, certifications, and project-based learning that align with industry expectations.

The session was followed by an interactive discussion, where students clarified their queries regarding internships, job opportunities, and emerging skill requirements. The talk provided a clear perspective on how academic learning can be aligned with industry needs for better employability and career growth.

Smt M Durga, Alumni Association Coordinator, Head of the Department of Commerce and Sri KVV Srinivas, Head of the Department of Computer Science presented a memento to the Guest Speaker as a token of appreciation for delivering an insightful talk on “Current Career Trends in the IT sector.”

The event concluded with a vote of thanks proposed by Smt M Divya Sri, who appreciated the speaker for her valuable insights and motivating session. The invited talk was a great success, enriching the participants’ understanding of the current trends and future directions in the IT sector.

Resource Person Ms Chaturya Alajangi delivering an engaging and informative talk on emerging trends in the field.

Smt M Durga, Alumni Association Coordinator & HOD of Commerce, and Sri K V V Srinivas, HOD of Computer Science, presenting a memento to the Resource Person Ms Chaturya Alajangi
