Industrial Visit to Thanusri Mushrooms, Ramavarappadu

The Department of Botany organized an industrial visit to **Thanusri Mushrooms, Ramavarappadu, on 10 November 2026**. A total of 47 participants, comprising three faculty members and 47 students from III B.Sc. Botany and I B.Sc. Botany & Biotechnology, took part in the visit.

The main objective of the visit was to provide students with practical knowledge of mushroom cultivation and its commercial applications. The students gained valuable insights into the various stages of mushroom cultivation, including **bed preparation, spawning, casing, cropping, and harvesting**. They also learned about different varieties of mushrooms, the facilities and equipment required for mushroom cultivation, and the raw materials used in the process.

The resource person, **Mr. Thota Jaya Chand**, explained the theoretical aspects of mushroom cultivation during the forenoon session, followed by hands-on training. The students were shown different varieties of mushrooms, raw materials, sterilization equipment, and other essential facilities used in cultivation. They also learned about the climatic conditions and the optimum temperature and pH requirements necessary for successful mushroom production.

The industrial visit provided students with valuable practical exposure to mushroom cultivation techniques and helped them understand the scope of mushroom farming as a sustainable and income-generating enterprise.
