CAREER GUIDANCE &PLACEMENT CELL

2018–2019

INDEX

Brief Note

.

Sir C R Reddy College for Women,Eluru, has established a Career Guidance & Placement Cell with the aim of enhancing the employability skills of its students. This cell conducts various Campus Recruitment Training Programs to prepare students for placement drives in reputed MNCs such as TCS, WIPRO, INFOSYS, TECH MAHINDRA, etc.

- The Career Guidance and Placement Cell recently organized a campus recruitment training program for third-year B.Sc. and B.Com students in our college, which was conducted by the faculty of Sir CRR College of Engineering, Eluru.

- These programs play a vital role in helping students prepare for written tests, which are often the first step in the job application process. They are designed to equip students with the skills and knowledge needed to excel in these assessments.

- Additionally, the program aims to enhance students' soft skills and employability skills through practical training.

- This initiative significantly boosts students' confidence and prepares them for successful careers.

- The program was conducted from November 12, 2018, to November 17, 2018.

- Each session lasted for 6 hours, from 9:30 am to 4:30 pm.

- A total of 155 students participated in this program, divided into two batches.

- The training program was conducted by a team of four dedicated members.

- Course materials were provided to every registered student.

About programme

Campus Recruitment Training (CRT) is a specialized program meticulously crafted to empower candidates in their preparation for both on-campus and off-campus recruitments. This comprehensive training equips students in their final year of graduation or qualified candidates with the skills and knowledge necessary to excel in the rigorous selection processes of renowned organizations, including Infosys, Wipro, TCS, Satyam, CTS, HCL, and more.

The program boasts a team of professional trainers from Sir C R Reddy Engineering College who were dedicated to supporting students as they navigate the challenging landscape of campus placements. These trainers focus on enhancing students' logical thinking, interview skills, and aptitude levels, all of which are pivotal in securing success during campus placements.

Training Session Highlights:

During this intensive training program, candidates receive in-depth training in the following critical areas:

- Arithmetic and Reasoning Ability
- Verbal and Non-verbal Ability
- Group Discussion Techniques
- Interview Strategies
- Resume Crafting
- Effective Email Writing

Resource Persons are:

1. Mrs. Syed Zareena - English & Soft Skills.
2. Ms. P. Sowjanya - Arithmetic & Reasoning.
3. Mrs. Sushma Patnayak - English & Soft Skills.
4. Mr. Sk. Sadik - Arithmetic.

Program Details:

- Our CRT program is delivered by a highly skilled team of four instructors, ensuring personalized guidance and effective learning for two separate batches of students.
- Course Duration: November 12, 2018, to November 17, 2018.
- Each daily class extends for 6 hours, running from 9:30 am to 4:30 pm, allowing students to immerse themselves in the training.
- This program witnessed active participation from 155 students, distributed across two batches.
- As a testament to our commitment to student's success, course materials were provided to each student, facilitating their learning journey.
- Participation Certificates were issued to the students after completion of the Programme.

Learning Objectives & Outcomes

Objectives of the CRT :
- Unique short cut techniques for mathematics to improve speed and accuracy
- Improve logical thinking to solve various questions and puzzles in Reasoning.
- Mock Group Discussion sessions
- Resume making and information Sessions
- Comprehensive material to cater for all the three aspects
- Structured Schedule to complete the training to the students' requirement
- Approach oriented Training
- Interactive Methodology
- Corporate Tests on the patterns of top recruiters
- Grooming Body Language, Soft Skills, Attitude etc.

Outcomes of the Programme:
- more attractive to potential employers.
- Increased self-confidence and a positive attitude when approaching job opportunities.
- Enhanced interview skills, leading to improved performance in job interviews.
- The ability to create compelling resumes that highlight qualifications and experiences.
- Improved problem-solving and analytical skills, which are crucial for various job assessments.
- Improved communication, teamwork, leadership, and time management skills.
- A better understanding of industries, job roles, and current market trends.
- Successful Job Placements: The ultimate goal is to secure meaningful job placements in reputable organizations.
- Competitive Edge: A competitive advantage in the job market due to the honing of skills and knowledge.

Coding-Decoding

Coding is a method of transmitting a message between the sender and the receiver that no third person can understand it. The coding and decoding one's ability of deciphering the rule and breaking the code to decipher the message will be tested to know.

How to solve Coding-Decoding Questions:

1) Observe alphabets or numbers given in the code keenly.
2) Find the sequence it follows whether it is ascending or descending.
3) Detect the rule in which the alphabets/numbers/words follow.
4) Fill the appropriate letter/number/word in the blank given.

The Coding and Decoding is classified into Six types according to the on what way it is doing. They are

1. Letter Coding
2. Number Coding
3. Mixed Coding
4. Mixed Number Coding
5. Decoding
6. Symbols Coding

1. Letter Coding -
A particular letter stands for another letter in letter coding.

Eg: If **COURSE** is   coded   as **FRXUVH**,   how is **RACE** coded in that code?
(1) HFDU
(2) UCFH
(3) UDFH
(4) UDHF
(5) UDFG
In the given code, each letter is moved three steps forward than the corresponding letter in the word. So R is coded as U, A as D, C as F, E as H. Hence (3) is the answer.

Learn this table by heart. This is the only shortcut or trick to solve coding - decoding questions fast in Bank exams.

Alphabets	Alphabetical Order	Reverse Order
A	1	26
B	2	25
C	3	24
D	4	23
E	5	22
F	6	21
G	7	20
H	8	19
I	9	18
J	10	17
K	11	16
L	12	15
M	13	14
N	14	13
O	15	12
P	16	11
Q	17	10
R	18	9
S	19	8
T	20	7
U	21	6
V	22	5
W	23	4
X	24	3
Y	25	2
Z	26	1

2. Number Coding -

In these questions, either numerical code values are assigned to a word or alphabetical code values are assigned to numbers. The candidate is required to analyse the code as per directions.

Case I: When numerical values are assigned to words.

Eg: If   in   a   certain   code **ROPE** is   coded as **6821**, **CHAIR** is coded as **73456** what will be the code for **CRAPE**?
(1) 73456
(2) 76421
(3) 77246
(4) 77123
(5) None of these
Clearly, in the given code, the alphabets are coded as follows.

    R O P E C H A I
    6 8 2 1 7 3 4 5

So CRAPE is coded as 76421, So the answer is (2)

Case II: When alphabetical code values are assigned to the numbers.

Eg: In   a   certain   code **3456** is   coded as **ROPE** & **15546** is coded   as **APPLE**. Then   how is **54613** coded?
(1) RPPEO
(2) ROPEA
(3) POEAR
(4) PAREO
(5) None of these

Clearly in the given figures, the numbers are coded as follows.
   3 4 5 6 1 4
   R O P E A L
So 54613 is coded as POEAR. The answer is (3)

3. Mixed Coding -

In this type of question, three or four complete messages are given in the coded language and the code for a particular word is asked.

To analyse such codes, any two messages bearing the common word are picked up. The common code word will mean that word. Proceeding similarly by picking up all possible combinations of two messages the entire message can be analysed.

Eg: If tee see pee means drink fruit juice, see kee lee means juice is sweet, and lee ree mee means he is intelligent, which word in that language means sweet?

(1) see
(2) kee
(3) lee
(4) pee
(5) tee

In the first and the second statements the common word is juice and the common code word is see. So see means juice. In the second and the third statements, the common word is 'is' and the common code is lee. So lee means is. Thus in the second statement, the remaining word sweet is coded as kee. Hence the answer is (2).

4. Mixed Number Coding -

In this type of questions, three or four complete messages are given in the coded language and the code number for a particular word is asked.

Eg: If in a certain code language, 851 means good sweet fruit; 783 means good red rose and 341 means rose and fruit which of the following digits stands for sweet in that language?

(1) 8
(2) 5
(3) 1
(4) 3
(5) None of these

In the first and the second statements, the common code digit is 8 and the common word is good. So 8 stands for good. In the first and the third statements, the common code digit is 1 and the common word is fruit. So 1 stands for fruit. Therefore in the first statement, 5 stands for sweet. Hence the answer is (2).

5. Decoding -

In these questions, artificial or code values are assigned to a word or a group of words and the candidate is required to find out the original words.

Eg: If in a certain language FLOWER is written as EKNVDQ, what will be written as GNTRD?

(1) HEOUS
(2) HOUES
(3) HUOSE
(4) HOUSE
(5) None of these

Each letter of the word is one step ahead of the corresponding letter of the code.

EKNVDQ   GNTRD

FLOWER   HOUSE

Thus HOUSE is written as GNTRD, So the answer is (4)

6. Symbols Coding -

This is a kind of coding recently included in the Reasoning section. In this type of questions either alphabetical code values are assigned to symbols or symbols are assigned to alphabets. The candidate is required to analyse the code as per direction.

Eg: 1. In a certain code 'TOME' is written as '@ S * ?' and ARE is written as '+ £ ?' How can 'REMOTE' be written in that code?

(1) £ ? + $ @ ?
(2) @ ? * $ @ ?
(3) £ ? * $ @ ?
(4) Cannot be determined
(5) None of these

Sol: From the data we have

T - @
O - $
M - *
E - ?
A - +
R - £
E - ?

Hence REMOTE is coded as £ ? * $ @ ? So (3) is the answer.

Practice questions:

1) 'ZYXW' as coded as 'ABCD' then 'STUV' is coded as.......

2) ' bcd' is coded as 'def' then 'True' is coded as.......

3) ' Hyderabad ' is coded as 'Ixeduczar' then 'Chennai' is coded as...........

4) Apple is coded as 25563, Rung is coded as 7148. Then purple is coded as

5) In a language A is coded as 1, B is coded as 2, ... then FACE is coded as

6) PUSH is coded as 1234, ROUGH is coded as 65274. Then SOUP is coded as

7) 'book' is coded as 'pencil', 'pencil' is coded as 'mirror', 'mirror is coded as 'book'. Then what is useful to write on a paper?

8) 'man is coded as 'woman', woman is coded as 'girl', 'girl' is coded as 'boy', 'boy' is coded as 'worker' then 6 years female is known as?

9) 'Reds' are 'blues', 'blues' are 'whites', 'whites' are 'yellows', 'yellows' are 'oranges', 'oranges' are 'pinks', then what is the colour of the sky?

Report

The campus training program at Sir CRR College for Women, which took place from November 12 to November 17, 2018, was a collaborative initiative organized by the Career Guidance and Placement Cell in partnership with four dedicated faculty members from the Training and Placement Cell at Sir CRR College of Engineering, Eluru.

The primary objective of the program was to equip 155 participating students with essential skills required for career development, with a specific emphasis on written test patterns commonly used by software companies.

Resource Persons:
1. Mrs. Syed Zareena - English & Soft Skills.
2. Ms. P. Sowjanya - Arithmetic & Reasoning.
3. Mrs. Sushma Patnayak - English & Soft Skills.
4. Mr. Sk. Sadik - Arithmetic.

To ensure personalized attention and maximize the effectiveness of the learning outcomes, the students were divided into four separate batches.

Topics Covered in the Training Program:
1. **Quantitative Aptitude:** The program commenced with an extensive exploration of quantitative aptitude, a pivotal component of software company written tests. Students received comprehensive guidance on mathematical concepts and problem-solving techniques relevant to these assessments. Ms. P. Sowjanya and Mr. Sk. Sadik provided thorough training in aptitude topics.
2. **Logical Reasoning:** Students acquired the skills to analyze complex problems and make logical deductions, a critical aspect of many software company tests. Ms. P. Sowjanya offered in-depth training in reasoning topics.
3. **Verbal and Non-Verbal Ability:** The program extensively covered effective communication, encompassing verbal and non-verbal aspects. Students improved their comprehension, grammar, and reasoning abilities, all of which are commonly tested in software company assessments. Mrs. Syed Zareena and Mrs. Sushma Patnayak provided thorough training in these topics along with soft skills.
4. **Email Writing:** Students were taught how to write professionally and concisely, a skill often evaluated in written tests and interviews.
5. **Resume Preparation:** The training program provided guidance on creating resumes aligned with the expectations of software companies.
6. **Interview Skills:** The program concluded with a focus on interview skills, encompassing behavioral interviews and technical interviews. Students received coaching on interview preparation, common interview questions, and strategies to excel in job interviews conducted by software companies. Mrs. Sushma Patnayak and Mrs. Syed Zareena were responsible for training in email writing, resume preparation, and interview skills.

7. **Feedback and Outcomes:** The campus training program received overwhelmingly positive feedback from the participating students. They expressed increased confidence and significant improvements in the areas covered during the training. Many students felt well-prepared to tackle the written test patterns and interviews commonly used by software companies, which was a primary goal of the program.

8. Certificates were issued to the participants at the time of valedictory session

Conclusion: The campus training program conducted from November 12 to November 17, 2018, at Sir CRR College for Women, organized by the Career Guidance and Placement Cell and facilitated by four dedicated faculty members from Sir CRR College of Engineering, Eluru, proved to be an invaluable and tailored initiative for the 155 participating students. The program not only enhanced their skills and knowledge but also provided them with a competitive advantage in their pursuit of careers in the software industry.

The specific focus on software company written test patterns ensured that the students were well-prepared to excel in assessments commonly used in this sector. We trust that the skills acquired during this training will be a significant asset to these students as they pursue opportunities in software companies, allowing them to thrive in a competitive job market.

Subject: Appreciation for the Support Extended by Sir C R Reddy College of Engineering

Dear Sir,

I hope this message finds you well.

I am writing to extend my sincerest appreciation for the support offered by Sir C R Reddy College of Engineering in furthering the educational endeavors of Sir C R Reddy College for Women, Eluru.

The recent initiative of deputing four faculty members from your esteemed institution to conduct the six-day campus recruitment training classes from 12-Nov-2018 to 17-Nov-2018 for the students pursuing III B.Sc/B.Com at Sir C R Reddy College for Women was an invaluable contribution. The commitment and expertise showcased by your faculty members during this period were truly commendable. Their dedication and guidance played a pivotal role in enhancing the skill sets and preparedness of our students for the competitive landscape of campus placements.

The comprehensive training sessions organized by your faculty members not only imparted essential knowledge but also instilled confidence and a sense of readiness among our students. The impact of such initiatives goes beyond the classroom, empowering our students to excel in their future endeavors.

I extend my heartfelt gratitude to you and your faculty members for their valuable time, effort, and expertise invested in this collaborative effort. Your institution's commitment to fostering academic growth and holistic development is truly inspiring.

We look forward to continued collaboration and the opportunity to work together on more such meaningful initiatives that benefit our students mutually.

Thank you once again for your unwavering support and dedication to the betterment of education.

Warm regards,
